

We're putting the  
**CONVENTION**  
back into  
**SERTOMA!**

**Connect.** What's the best reason to come to Convention? **YOU!** We've included opportunities for networking and fellowship throughout this year's event, including our Welcome Reception on Thursday night.

**Learn.** Every club wants to do better, to be better. This year's slate of training sessions promises to help Sertomans expand their knowledge on things such as **Donor Psychology, Leadership in Action, Recharging Your Club Members** and more.

**Grow.** What does the future hold for your club? Keynote Speaker Hannes Combest, FASAE, CAE, will take you through how you can use foresight to ensure successful, sustainable growth for years to come!

**Tradition.** Join us as we unveil the **2020 Sertoman of the Year and Service to Mankind Award** winners and recognize the volunteers, donors and leaders who have had an impact this year!
